**Summary:**

Officers were instructed in the fundamentals of fill and flow by officer Castillo and Officer Reyes. After completing the fundamentals officers went through multiple scenarios where they implemented the teaching they had received earlier in the day.

Officer Medrano led officers in a K9 familiarization, this consisted of informing officers what to expect when working around a K9 as well and how to remove a K9 from an apprehension. Once officers were instructed in the K9 capabilities officers ran multiple scenarios with the K9. Different officers removed K9 Robby from the bite, and assisted in taking the decoy into custody while K9 Robby was on the bite.
