D. Castaneda
J. Juarez
J. Santiago
S. Valenzuela

Not In Attendance:

McKinley
Miller
L. Sanchez
Toribio
Mitchell
Tuiolosega
Scaggs
De Leon
Vanderveen
Cristie
Thomas

Nature Of Training:

The Salinas SWAT Team trained at the SVSP simunition house, where we discussed CQB, small team tactics, and HRT. The Salinas SWAT Team ran multiple scenarios, that directly related to the above mentioned topics.

Summary Of Training

Training hours:

0700-1200: CQB, HRT, and small team tactics
1230-1400: Lunch and travel time to Salinas PD Range
1400-1530: Precision HRT shots
1530-1630: Firearm standards
1630-171: gun maintenance

Evaluation/Recommendations:

During the initial portion of our training day we were able to discuss the basics of CQB, this is important due to the fact that there are multiple SWAT officers with less than a year of experience on our team. The scenarios led to discussions in regard to CQB tactics, and HRT tactics, we were able to debrief each scenario and learn from each other.
