J. Heckman	Delon
S. Vanderveen	Miller
R. Sanchez	
J. Kinney	
I. Medrano	
C. Avila	
L. Toribio	

Not In Attendance:

Magana

Toribio

Nature Of Training:

The Salinas SWAT Team trained at the Salinas PD range. Due to not having access to an outdoor range, we trained at SPD.

Summary Of Training

Training hours:

0700-1000: Standards

1000-1200: Pistol precision and distance

1200-1300: Lunch

1300-1600: Rifle precision and distance

1600-1700: team meeting

1700-1810: gun maintenance

Evaluation/Recommendations:

Based on the day, the team responded well to new drills and adapted accordingly to the task at hand for the day. We exploited deficiencies and knowing your skill level and where the baseline was for the individual to learn and grow from. Precision shooting is a key fundamental in gaining confidence and speed at closer distances. Distance shooting also serves the same purpose, making a shooter better at closer range.
